Office circular

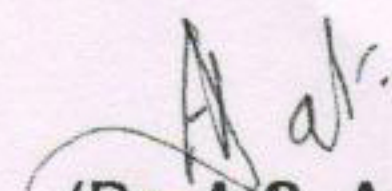

It is for the information of all students that Infosys is organizing **ACM (Association for Computing Machinery) International Collegiate Programming Contest (ICPC)**. ACM ICPC is a multitier, team-based, programming competition operating under the auspices of ACM and headquartered at Baylor University. The contest involves a global network of universities hosting regional competitions that advance teams to the ACM-ICPC World Finals.

The contest fosters creativity, teamwork, and innovation in building new software programs, and enables students to test their ability to perform under pressure. Quite simply, it is the oldest, largest, and most prestigious programming contest in the world.

More than 2000 students from premier institutions like IIT, IIIT, NITs etc are competing in this programming tournament at Amritapuri, along with the foreign students from China, Korea, Sri Lanka, etc. The contest is scheduled on **11th and 12th of December 2010**. A preliminary round, Online Contest is scheduled on **17th October, 2010** for which there is no registration fee. Details on Registration process and more information about the contest could be found in <http://amrita.edu/icpc>.

All required information like contest details, registration, timelines, objectives, benefits, contact details are available on the Campus Connect Portal: <http://campusconnect.infosys.com/ACMICPC/home.htm>

Students are advised to take keen interest and participate in this event.
