Dated... 4.5.10

OFFICE CIRCULAR

It is heartening to inform that **Ericsson** is going to launch its **University Relationship Programme – EMPOWER** in our campus very soon.

As a part of the programme, Ericsson will select 40 final year students from B.Tech. ECE discipline, train them and also provide them with EXCEL certification that would not only enhance their career prospects with Ericsson, but also with other telecom companies.

The entire programme shall be conducted free of cost by Ericsson.

It is a unique opportunity for all B.Tech. students of Electronics & Communication Engineering to excel in their core field. They are thus advised to take keen interest in the programme and ensure healthy competition.

The final dates of the event shall soon be intimated as and when they are finalized.

(Dr. A.S.Arora)
Principal
